ABOUT

I am Amit Sahu, a dedicated fourth-year undergraduate student at Panjab University. With a passion for learning and a drive for excellence, I have consistently sought to excel in my studies and actively engage in various academic pursuits. I am proficient in multiple languages, including Hindi, English, and Bhojpuri.

EDUCATION

Bachelor of Engineering	2020-24
Panjab University, Chandigarh	CGPA: 7.88
Intermediate	2020
CBSE	Percentage: 93

PERSONAL PROJECTS

Mychat Web app | HTML | CSS | Javascript | Django

- Developed a real-time chat web application using HTML, CSS, and JavaScript. Integrated Django framework for backend functionality. The app allows users to engage in real-time messaging, demonstrating proficiency in front-end and back-end.
- Designed an intuitive and responsive user interface for seamless user experience.

Meal Counter | HTML | CSS | Javascript |

- Engineered a meal counter web application using HTML, CSS, and JavaScript to efficiently track and display the daily sales count of meals, demonstrating proficiency in front-end development.
- Integrated real-time data fetching and updating with Google Sheets, showcasing proficiency in asynchronous programming and external data source integration.

OpMeals website | wordpress | Elementors

- Collaborated with OpMeals, a daily meal serving company, to design and develop a dynamic website using WordPress and Elementor.
- Designed and customized website layout and aesthetics using Elementor page builder.
- Ensured mobile responsiveness and cross-browser compatibility for optimal accessibility.
